... With Lining	Add 30% extra
<p>*These are prices for basic garments. Additional details such as pleats, pockets, fancy frills, non-standard cut or size, etc. add to this price. Garments made of silk, satin or chiffon, for example, add 20% on top of the price because they take extra time, skill, and work to deal with. Alterations of the designer clothes can DOUBLE or TRIPLE the price because of the way most designer clothes are made that complicates alterations. I will be able to give you a precise estimate once you show me your chosen fabric and design... and yourself!</p>	
Special Services:	
Assistance	
<ul style="list-style-type: none"> • Complementary clothes design based on the fashion magazines and your individual taste and desire. • Calculating necessary amount of fabric for this particular design. • Choosing fabrics at the store. I can provide the required materials (thread, zipper, lining, interfacing, etc., except fabric and buttons) for a retail price, or you may bring your own. • Fashion consultation at the store – virtual or in person. <p>Prices for these services vary, so please don't hesitate to ask me.</p>
